PREFACE

1959 marked the opening of the St. Lawrence Seaway to oceangoing vessels. Although the ultimate effect of this event is at present indeterminate, that it will have some impact on the Great Lakes region is undisputable. It was felt that attorneys, with responsibilities to individual and corporate clients, and citizens, with responsibilities to the community and nation, would welcome a scholarly survey of legal and non-legal subjects related to this event. It is with this perspective that the St. Lawrence Seaway Symposium is presented.
